

# GENERAL STRIKE AT BOSTON DELAYED BY ACTION OF CENTRAL LABOR UNION

## WILSON WARNS COUNTRY OF RED AGITATION EVIL

Attacks Radicalism  
In Addresses At  
Northwest Points

Declares Class Rule  
Has No Place in  
System of America

HELENA, Mont., Sept. 12.—Before two big audiences, at Billings in a state where radical propaganda has spread like a prairie fire, President Wilson met the issue of Bolshevism in America four square.

Here in a state where the I. W. W. is reaching out for control on a platform of direct action, the president flung out a warning that brought instant response from his audience.

The president was moved by messages of a disturbing nature of conditions in the east as well as on the situation here, delivered to him aboard the train.

At the farthest western point yet visited by the president, there was straightforward discussion, discussion in which, for the first time, the leading apostles of discontent in Russia were mentioned by name.

Following a brief, vivid reference to the harrowing conditions in Russia, the president suddenly struck right at the heart of the situation in this issue when he short forth the following interrogation:

"Have you heard nothing of such propaganda in the United States?"

"That poison has been running around the world," continued the president.

"The apostles of Lenin are in our own midst, apostles of the night, of chaos and disorder. I warn you to let no minority of class or special privilege get control of the United States."

Suggests Cure for Radicalism.

The response was instantaneous. The applause came quicker and was more vociferous from the heart than at any point so far visited by the president.

That there might be no mistake, no misunderstanding as to his utterances, the president said he understood there was marked radicalism in this western part of the country. Saying that the proper way to meet radicalism was not to suppress agitation and declaring that he himself was in favor of agitation, Mr. Wilson with vehement emphasis said:

"In America the agitation must be the agitation of order."

With his terse warning against the doctrines of Lenin and Trotsky the president coupled a brief discussion of the industrial situation, the country over.

Saying that the central factor in the present situation is universal unrest the president declared there is no use talking of political democracy unless there is industrial democracy.

He then asserted that the United States had not finished dealing with monopolies and completed his thought on this particular question with the statement:

"We cannot have democracy with monopolies."

On the train taking the long jump from Billings to Helena, as well in his speeches, President Wilson made it plain he is counting heavily upon the industrial conference called by him to meet in Washington immediately upon his return from the present trip.

## RACES POSTPONED

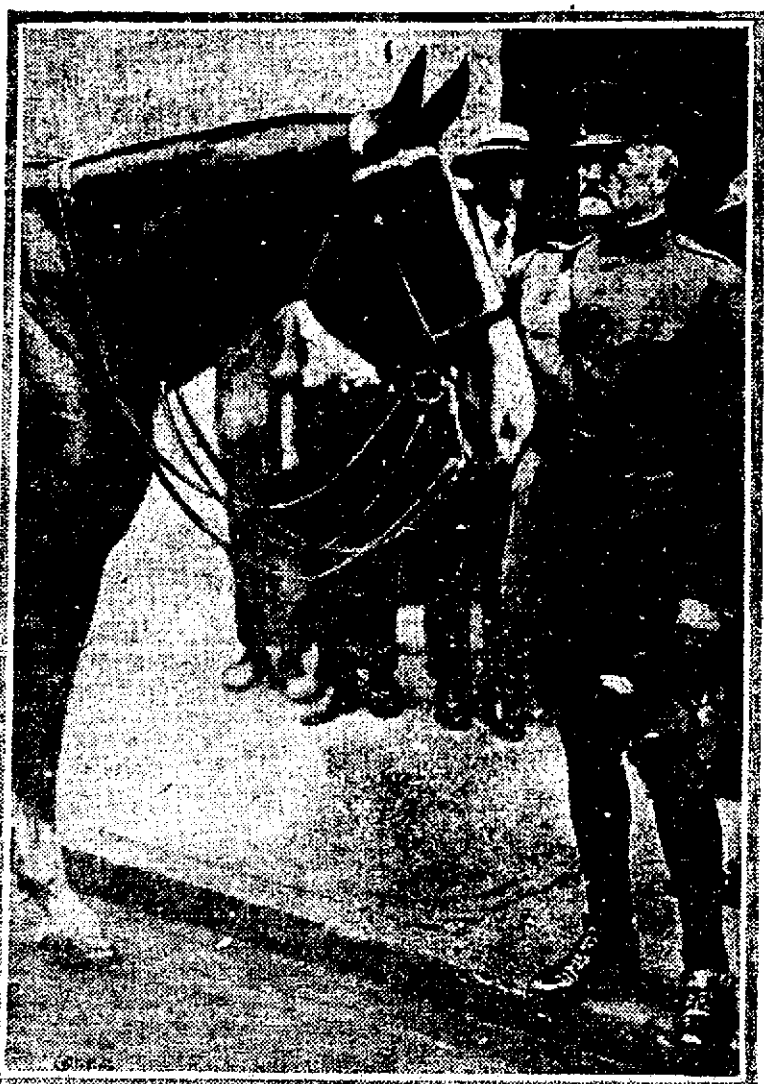

SYRACUSE, N. Y., Sept. 12.—With an inch of water on the state fair race track, morning indications were that the Grand Circuit race program for this afternoon will be postponed.

There are nine events on the program with the free-for-all pace as the big feature. If a postponement is necessary the races will take place Saturday morning.

## SHOT BY OFFICER

AKRON, O., Sept. 12.—William Jones, 19, Cleveland negro, was seriously wounded in an revolver duel between Tony Cipol and A. Bougin, Baltimore and Ohio railroad detectives and an alleged gang of negro thieves. Three other negroes escaped, police say.

General Pershing and His Favorite Horse

Until the parade of the First Division in New York, with General Pershing at its head, started there was uncertainty as to what horse he would ride. A request had been made by army officials that the quarantine placed on the general's horse, Kidron, be raised in time for the commander to use him as his mount. The General rode Kidron.

## OIL PRODUCERS BUY PROTECTION FROM THE MEXICO BANDIT CHIEFS

WASHINGTON, Sept. 12.—The romance of the Mexican oil fields, together with the vicissitudes of the oil prospects resulting from bandit attacks and alleged obnoxious decrees and laws of the Carranza government, was described to the senate foreign relations subcommittee investigating the Mexican situation by J. L. Doherty, head of the Mexican Petroleum company, limited.

The committee was told that Dr. Henry Allen Tupper, pastor of the First Baptist church of Washington, formerly active in obtaining recognition for the Carranza Government by the United States received a draft for \$3,466 from the Treasurer General of Mexico.

It was indicated that the committee would call Dr. Tupper to explain for what the draft was in payment.

In the course of his description of the development of the Mexican oil fields, largely by American capital, Mr. Doherty admitted that his company had paid Manuel Palafox, the rebel leader, for protection, but declared that the payment was made on the advice of Elizeo Arrendondo, and that the course was in line with suggestions of John Lind and J. R. Silliman, personal representatives of President Wilson in Mexico.

To the charge of Finance Minister Cabrera, of the Mexican cabinet, that his company was fostering rebellion by furnishing arms and ammunition to Palafox, Doherty submitted a memorandum, addressed to the American State Department, declaring that Messrs. Lind and Silliman had

## CURB MARKET IN N. Y.

NEW YORK, Sept. 12.—Plans have been perfected by the city department of markets by which it is hoped to have on the streets of New York in a week or so, about 500 trucks laden with foodstuffs for sale to the people at prices 40 to 50 per cent below the market prices. According to Commissioner Jonathan C. Day, one company or several will be organized to supervise the trucks and the food will be carried straight from the producer to the consumer.

## PHILIPINOS ARE ACTIVE

MANILA, Sept. 12.—Renewed efforts to obtain independence for the Philippine islands will be made next year by a Filipino mission which will visit the United States and lay before the national conventions of the republican and democratic parties the matter of inserting independence planks in the party platform. Announcement of the proposed action was announced here today.

advised payment of taxes to which ever faction happened to be in control, but denied that munitions ever were furnished to Palafox.

Doherty had completed his testimony, which had required almost two days, when Chairman Albert B. Fall asked him if he ever had known of any of those who had been active in their work in behalf of Carranza receiving any remuneration.

His answer was the presentation of a draft which had been made out by the Huasteca Petroleum company in favor of the Treasurer General of Mexico and by him made payable to the order of Dr. Tupper for "value received." After payment the check found its way back to the Huasteca company.

Mr. Doherty did not claim to know the nature of the indicated "value" of Dr. Tupper's work for Carranza and his government, but intimated it was done as an agent of the "International Peace Forum."

## Germans Can Be Naturalized With Certain Limits

WASHINGTON, Sept. 12.—The commissioner of naturalization has issued instructions that the act of May 9, 1918 which placed restrictions on enemy aliens during the war is no longer operative to prevent the naturalization of former subjects of the central powers. Cases suspended under this law now may be completed, unless there are specific objections to individuals and unless the applicant deferred taking steps to ward naturalization without the two year period preceding the war, such cases being subject to presidential exception.

## SUTOR SHOTS WIDOW

INDIANAPOLIS, Ind., Sept. 12.—When Mrs. Vera Heck, 35 years old, widow, refused to marry Arthur Buchanan, 40 years old, today, he shot her three times. He then sent a bullet through his brain and died an hour later. Mrs. Heck received three wounds and probably will die.

## SNAKE HAD FANGS

AKRON, Sept. 12.—James Reese, 22, is in a serious condition today at City hospital because he wanted to handle a rattlesnake. Reese entered a "museum" show here last night and became interested in watching an exhibit of snakes. "Can they sting?" he asked an attendant. "No," he was told. Then he thrust his hand into the cage. One rattler whose fangs had not been cut, stung him.

## STATE GUARDS PATROL STREETS AND PREVENT CROWDS FROM FORMING

War and Navy Departments are Ready to  
Respond in Case of Any Emergency,  
But Aid is Not Expected to be Needful

Some of Policemen Who Quit Service Ask  
For Reinstatement But Governor Re-  
fuses to Consider Their Request.

(ASSOCIATED PRESS DISPATCH)

BOSTON, Mass., Sept. 12.—Application for reinstatement have been made by a "number of striking policemen, Superintendent of Police Crowley said today.

Governor Coolidge, in a statement characterizing the action of Boston policemen as desertion of duty, rather than a strike, today said he could think of no conditions under which they should be allowed to return.

BOSTON, Mass., Sept. 12.—With the threat of a sympathetic general strike held off by the action of the central labor union last night in ordering all local unions to act upon the proposal at once, thus giving fuller expression of opinion, the situation resulting from the strike of policemen assumed a calmer aspect today.

The reduction during the night of the disturbances which marked the first two nights of the strike was a reassuring feature.

Soldiers of the state guard continued in charge of the streets aided by the force of volunteer policemen and such members of the regular force as had refused to desert their posts. Little difficulty was experienced in breaking up the crowds, except in one or two sections.

Further confidence in the ability of the authorities to maintain an upper hand was inspired by reports from the harbor forts. Camp Devens and army posts in New York and New Jersey of seeing preparations to send regular army troops here if an emergency call should be made.

## BELL IS ELECTED AS G. A. R. COMMANDER

COLUMBUS, O., Sept. 12.—Colonel James D. Bell, of Brooklyn, was today unanimously elected commander-in-chief of the Grand Army of the Republic, which is holding its annual encampment here.

Colonel James D. Bell served nearly three years and nine months in the Civil war, having enlisted for three years on October 1, 1861, in Troop B, First New York Mounted Rifles, and re-enlisted as a veteran volunteer at Yorktown, Va., Feb. 1, 1864. He was wounded at Zuni Bridge, Va., Nov. 14, 1862, was for a short time prisoner of war at Salisbury, N. C. He was honorably discharged as first sergeant of Troop E on June 26, 1865. He enlisted at the age of 16 and is now in his 74th year, having been born in New York city in September, 1845.

After the war he engaged in newspaper work for eight years and then entered law. He has lived in Brooklyn, N. Y., for nearly 50 years, and is at present serving as United States district attorney for the eastern district of New York, under a temporary appointment.

## JOHN MITCHELL'S FUNERAL

SCRANTON, Pa., Sept. 12.—The funeral of the late John Mitchell, chairman of the New York State Industrial Commission and former president of the United Mine Workers of America, was held today from St. Peter's cathedral.

## CANADA PASSES TREATY

OTTAWA, Sept. 12.—The house of commons assented without reservation today to the treaty of peace with Germany. Both houses of parliament now have ratified the treaty and notification to this effect was forwarded immediately to the British government.

(ASSOCIATED PRESS DISPATCH)

Governor Coolidge who was in charge of the police situation today as commander-in-chief of the armed forces of the state, had received assurances from both the war and navy departments that any call which he might make upon the president for federal assistance would be answered promptly.

Military leaders estimated that 18,000 regulars could reach the city within 12 hours. The death list as a direct result of the strike now in its third day stood today at seven. Several of the fatalities were due to firing by guardsmen into mobs found breaking windows and looting stores while two resulted from efforts of soldiers to break up dice games which during the first two days were played openly in the streets and on Boston common.

Another of the dead was a striking policeman shot down by a storekeeper who feared his place of business was about to be sacked. The action of the constituent bodies of the central labor union on the question of going out in support of the policemen was being awaited with some uncertainty. Although no statement was made at the close of the meeting of the central body as to the attitude of the delegates from the individual organizations which had voted, it was known that a number of them already had given expression of their sympathy for the police and some had even announced their willingness to participate in a general strike if called upon.

MEXICO CITY, Sept. 12.—"Venustiano Carranza under no circumstances will seek re-election as president of Mexico and without fail will turn the presidency over to his successor upon completing his present term in December 1920," Luis Cabrera, secretary of the treasury announced today.

MEXICO CITY, Sept. 12.—Thirty thousand emigrants are prepared to leave Germany for Mexico, according to Arthur Von Magnus, representative of the German government, who today requested the Mexican government to furnish him information regarding Mexican labor conditions which would affect these newcomers.

## Russian Wheat Crop is Short of Home Need

PARIS, THURSDAY, Sept. 11.—Advices from all Red Cross investigators at Poltava, southern Russia, received in Paris today, state that reports of an enormous grain surplus in Ukraine and southern Russia, which have disturbed American wheat growers with visions of a tumbling market may be dismissed as groundless.

Investigators who have just arrived at Poltava after a tour of the country recently liberated by General Drankine from the Bolsheviks, state that early threshings promise a crop from 10 to 25 per cent above the normal, this being due to the spurring influence of the Germans, who directed their energies last fall to having every available foot in Ukraine, put into winter wheat. Even this bumper crop, however, will fall short of the domestic demand and it is declared that not a bushel of it will ever come into competition with wheat from the United States, Russia and the countries bordering on the Black sea will need the entire 1919 crop.

## FREIGHT HOUSES BURN

LOUISVILLE, Ky., Sept. 12.—Fire of unknown origin early today destroyed a block of warehouses along the Ohio river front causing an estimated damage of several hundred thousand dollars. The buildings were filled with river freight, most of which was burned.

## NEW FREIGHT CARS

WASHINGTON, Sept. 12.—New freight cars are being placed in service by the railroad administration at the rate of 834 per day and every effort is being made to relieve car shortages occasioned by the movement of fall crops and reviving business, Director General Hines announced today.

## BRITISH IN RAIDS ON SINN FEIN

DUBLIN, Sept. 12.—A strong force of soldiers this morning searched the Sinn Fein headquarters in this city.

At Skibbereen, in the southwestern part of County Cork, armed police raided a newspaper office and also a number of private residences.

CORK, Sept. 12.—Sinn Fein clubs in this city were raided this morning by armed police who conducted searches while soldiers stood on guard outside.

BELFAST, Sept. 12.—Military and police activity was everywhere in evidence today against the Sinn Fein organization. Raids were carried out in Belfast, at Lisburn, Derry, Dundalk, Louth and Enniskillen.

A quantity of the high explosive gelignite, was seized at the Derry Sinn Fein headquarters.

## CARRANZA AGAIN DECLINES PLACE AS MEXICO HEAD

MEXICO CITY, Sept. 12.—"Venustiano Carranza under no circumstances will seek re-election as president of Mexico and without fail will turn the presidency over to his successor upon completing his present term in December 1920," Luis Cabrera, secretary of the treasury announced today.

MEXICO CITY, Sept. 12.—Thirty thousand emigrants are prepared to leave Germany for Mexico, according to Arthur Von Magnus, representative of the German government, who today requested the Mexican government to furnish him information regarding Mexican labor conditions which would affect these newcomers.

## Bolshevik Are Winning Today, Moscow Reports

LONDON, Sept. 12.—The remainder of Admiral Kolchak's southern army in the region of Akhtubinsk and Oril has surrendered to the Bolsheviks, it is claimed in a Bolshevik wireless dispatch from Moscow today. This raises the total captures of the Kolchak forces by the Bolsheviks within a week to 45,000 men, it is declared.

Today's social communique also announces the capture of a number of prisoners in the northern Dvina region (the Archangel front). These prisoners, it is declared in the official statement, included some British troops.

## Lid to Go On Berlin Gambling

BERLIN, Sept. 12.—Greater Berlin's wave of gambling will terminate on Sunday September 14, if an order issued by Gustav Noske, minister of defense, suppressing public and private clubs is strictly enforced. The provisions of this long expected order are sweeping, violations of it being punishable by fine or imprisonment and no loopholes are left for pseudo clubs and camouflaged titles. The city is now honey combed by such public and private resorts, fully 300 fashionable apartments in the west end being occupied by such establishments. The order applies only to the military district of Greater Berlin.

## FLEET ON A VISIT

VICTORIA, B. C., Sept. 12.—With shore batteries and ships guns booming their salutes in a drizzling rain, the U. S. S. New Mexico and Arkansas with Secretary of the Navy Daniels and Admiral Hugh Rodman aboard conveyed by a division of destroyers, dropped anchor in Victoria harbor late yesterday. Shortly afterward the official reception party came aboard the Arkansas.

## PERSHING TO BE GREETED AT CAPITAL

Vice President, War  
Staff and Other  
Officials Awaiting.

Great Crowds Gather  
to Honor Leader  
of America's Army

(ASSOCIATED PRESS DISPATCH)

WASHINGTON, Sept. 12.—General Pershing will arrive in Washington today, the anniversary of the beginning of the great St. Mihiel drive, America's first big effort in the war.

General Pershing's special train, after a stop of several hours in Philadelphia, en route from New York, is to arrive in the capital at 4 o'clock. Vice President Marshall, acting President Wilson, Secretary Baker, members of the general staff, the congressional committee of welcome, and many government officials will greet the expeditionary commander. As the train pulls in a battery of the first division will fire a salute of 17 guns.

After a brief rest at the Union station, General Pershing, preceded by a cavalry escort, will pass up Pennsylvania avenue, the route of the first division parade, which he will head next Wednesday, to the hotel at which he will make his headquarters for the next few weeks.

Indications were that a great crowd would greet the general both at the station and on his way to his hotel, which District of Columbia officials have suggested that all whistles and bells in the city be sounded in welcome.

General Pershing it was expected will not report formally at the war department until tomorrow.

NEW YORK, Sept. 12.—General John J. Pershing ended his historic visit as the city's guest today. With members of his staff and his family he departed at 8 a. m., on a special train from the Pennsylvania station for Washington where next Wednesday he will lead a parade of the first division. He was to stop at Philadelphia, where a holiday in his honor was declared.

## High Rents Are Divorce Cause

CLEVELAND, Sept. 12.—High rents in Cleveland are responsible for a large proportion of divorces and for the increases in the number of suits in the last year, according to Common Pleas Judge Manual Levine.

The number of suits filed this year is more than one hundred a month more than those filed last year. Judge Levine said investigation has shown marital discontent has arisen in many instances when "either the couple have been forced to live in quarters too small, or the husband has been unable to pay the rent of a large home" Judge Levine said. "I would say the leading cause of marital troubles today is housing congestion."

## CUT IN CABBAGE

HAMILTON, O., Sept. 12.—James Murphy, superintendent of a manufacturing plant, who has figured in bringing car-loads of potatoes here to break the high cost of living announced today he would sell a car-load of cabbage on public market Saturday at 4 cents a pound. Murphy acts under jurisdiction of the city food commission.

## FAHM FOR DRUNKARDS CLOSED

NORWICH, Conn., Sept. 12.—Connecticut is the first state in the Union to succumb completely to wartime prohibition. The state farm for drunkards here, which was crowded to the limit up to July 1, was today officially closed by order of state directors.

OHIO WEATHER

Fair tonight; Saturday fair, slightly warmer in west portion.

## HIGH COST PROBE NOT EFFECTIVE, PROSECUTOR SAYS

While the Allen county grand jury will investigate the high cost of living in Lima, it is very probable the body will be unable to make any effective move toward reducing the cost of foodstuffs here, according to a statement made today by Assistant Prosecutor Eugene Lippincott.

The jury yesterday afternoon at the completion of the day's work recessed until Monday morning, when the price of food in Lima will be looked into. Said Mr. Lippincott.

"The grand jury will look into the price of foodstuffs, and it may ask to investigate the high cost of wearing apparel, but that is doubtful. However, even though the jury does investigate the present prices there is little that can be done, except, of course, unless a conspiracy may be proven on a number of merchants.

**Up to Customer**  
"There is no law prohibiting a merchant from charging any price he chooses, so long as he does not enter into an agreement with another dealer to maintain a certain price. For instance, in the west section of the city there is a grocer charging 65c per pound for bacon, while the same brand may be procured at a down town store for about half.

"There is no law that can stop that man from selling his bacon at whatever price he chooses. The fault lies with citizens who patronize. The most effective cure for merchants of this kind is the curb market."

## SCHOLARSHIP FOR O. S. U. GIVEN TO ALLEN FARM BUREAU

A free scholarship for the three-year course in agriculture at the Ohio State university is to be awarded by the Allen county farm bureau. Word to this effect has just been received by Clarence Breese, the president of the farm bureau, from Alfred Vivian, dean of the College of Agriculture. This is in accordance with the general policy recently adopted by the university, placing the award of these scholarships in each county at the disposal of the county farm bureaus, the organization with which the college regularly co-operates.

The farm bureau will be guided in its selections by the following regulations:

1.—The scholarship in each county shall be given to a person who is eligible to admission to the Short Course in Agriculture or Horticulture of the College of Agriculture.

2.—The scholarship shall only be given to those persons who have not had the educational advantages of a first or second grade high school.

3.—The scholarship shall only be given to a person living on a farm who has spent most of his life there.

4.—The recipient must be at least 18 years of age at the time of the beginning of the first term of the Short Course in Agriculture. (Preference will be given to those over 20 years.)

5.—The scholarship must be used the first year it becomes available.

6.—The scholarships are open to both sexes.

7.—The scholarships are not transferable.

Further information concerning the award of the scholarship in this

county may be had from Mr. Breese or from the dean of the Ohio State university, College of Agriculture, Columbus.

## WHO WON THE WAR?

The real victor of the world war will be the nation that most quickly readjusts its national life to a peace basis to enjoy the fruits of conditions created by the removal of the sinister influence of militarism.

The confusion and unrest occasioned by the war and the drafting of the peace treaty are not normal nor beneficial to the happiness of mankind. They must be eliminated.

The nation possessing the genius of establishing order, of adapting its institutions to the new spirit, of adjusting jarring elements and of eliminating friction will be the first one to have really won the war. It will be able to take advantage of the opportunity of expansion and betterment and of forging ahead while the other nations are still in the process of readjustment and reconstruction.

During the war the United States astounded the world by its genius for organization and its masterly methods of production. The development of our army into a fighting body was one of the marvels of the conflict. The wonderful achievements of our service of supply are still receiving praise from our allies. Let the United States concentrate its whole thought on the problems that are now perplexing our nation, let its citizens maintain the spirit that won the war and deplete it to present conditions, and nothing can check their solution nor prevent us from reaping the fine fruits of the overthrow of kaiserism.

A people that carved a nation out of a wilderness and successfully conquered every domestic problem in the past, possesses the inherent qualities of strength which will not quail before new obstacles. We should be one of the first nations to emerge from the transition period into the new era.

## A FAILURE BY THE FAIR SEX

The apprehension of labor concerning the war-time employment of women in the street railway industry will probably give way before the report of investigations conducted by the committee on women in industry of Great Britain, where the employment of women was on a far larger scale than in America.

Questionnaires were sent to 90 traction companies that employ in all 14,684 conductors, of whom 11,670 are women. One question, flatly put, was this: "Do women carry out their duties as efficiently as men?" Nine companies answered "yes" and 73 responded "no."

Thirty-four companies said women were as courteous as men and 47 said they were less courteous. On 68 lines punctuality was bad and on 15 it was good.

Complaints were made that women conductors were more severe on their uniforms, their cars ran much worse, they were less punctual, lost more time and caused greater repair bills. On the other hand it was generally agreed that in clerical work women held their own, after it is the British opinion that women make poor superintendents and that they do their work more efficiently when under the direction of men.

The meaning of it all seems to be that the controversy that flared up at intervals over the use of women in industry will adjust itself as women are tested by actual experience. There is a place for women and a place for men. The men need not fear that they will be crowded out of lines for which they are best fitted, even the stress of war or other emergency may alarm them. But there are many fields of industry at which men had better improve themselves to compete with women.

## DON'T LET IT GET ON YOUR NERVES

Don't let the high cost of living "get on your nerves." Like the warm weather, it is much more uncomfortable for the fellow who thinks about it and talks about it all the time. It is a new era in the world—a new experience for everybody to find peace so high, but people are living as they have always lived—with some enjoying plenty and some barely having sufficient to enable them to live. There are really fewer hungry people in the world today than there have ever been; certainly there are fewer destitute people in this good United States than there ever were before.

Stop talking about how you used to buy a bushel of wheat for a dollar, or a dozen eggs for a dime. Nobody wants to see such prices again, with their accompanying hard times—for such low prices always mean hard times. If you are determined to think of the cheap prices of the past, just remember that in those days you hired a servant girl

for a dollar a week—a human being working a whole week for a dollar—or a good laborer for a dollar a day. Who wants to see a girl working for a dollar a week, or a man for a dollar a day—which we would see if prices were as low as they used to be?

The standard of living has advanced—thank goodness. Wages are higher than they ever were before—and there is an abundance of foodstuffs. In some cases there is just cause for complaint, of course; but when was the world ever properly balanced? The truth is, we are living in the best day man has ever lived, and we are going to solve our problems, all of them. But it doesn't help to solve them by sitting around talking about the high cost of living. Work is the only thing worth doing now—and work will save the world.

## WAR ON THE ELEPHANT

The elephant is doomed. He may remain with us a few years longer, in the circuses or the zoological gardens—ragged specimens of the great beasts that used to be so common in Asia and Africa—but the tribe is doomed, even in the land of his nativity, where he served a useful purpose.

The South African union has taken the elephant in hand, and decreed his extinction. He is to become an outlaw, with a price upon his head, and his extermination is certain to follow. He eats too much; that is the trouble. There is no place in modern civilization for such a consumer of food—and even Africa and Asia are becoming civilized.

With agriculture making advances, the South African union has found that the wild elephants are a detriment to the country, and have therefore decreed that they be slain. In Asia the people are complaining that the elephant is no longer profitable as a beast of burden. So the end is inevitable.

The elephant will have defenders, of course, just as the grizzly bear and the buffalo have defenders in this country at this time. But sentiment for the great creatures can not cope with economy. Environments change and the beasts of the field and forest must change with the environment. The buffalo can not compete in economy with the improved breeds of cattle; the bear is a nuisance in civilization; the elephant has outlived his usefulness, and there is not a place on earth that he may claim his own.

## THE PEN AND THE SWORD.

The people who are so fond of quoting the old adage, "the pen is mightier than the sword," should remember all of the sentence. In Bulwer's play Richelieu is made to say, "In the hands of men entirely great the pen is mightier than the sword," and the real sense of the remark is to be found in the first seven words—"In the hands of men entirely great,"—but which are seldom quoted.

The sword having failed them, certain German officers are now resorting to the pen. They hope to accomplish through their writings what they failed to accomplish through war, evidently. At least they are making an effort to win for Germany the respect of the world by showing that Germany was not to blame for the war. But it remains to be seen whether the pen at this time and in this instance is in the hands of men entirely great.

And we have a lot of pen wielders in this country who have failed to remember the first seven words of the quotation—men who seem to believe that anything can be accomplished by writing about it. They will get nowhere, unless they are "entirely great."

## "SOME" DIFFERENCE.

A resident of Portland, Ore., paid 75 cents a pound for Oregon cherries when he was in New York a few weeks ago. He was amazed at the price asked, for he knew that the cherry growers of one district sold their crop at 10 1/2 cents a pound, and that the highest price received in Oregon was 16 cents. It is a long way from Oregon to New York, but not as long as the difference between 16 and 75 cents.

HAPPY THOUGHT: Isn't it about time for a straw vote on retiring the straw hats?

Judging by the pictures one sees in the papers every few days everybody in Venice, California, wears a bathing suit all of the time. Maybe that's why they call it Venice.

The man who took his first automobile ride at the age of 131 years took an awful chance of shortening his days.

"Hotel managers in New York charmed with profiteering," reads a headline. Can such things be?

Now that the Cossacks have captured 13,000 Bolsheviks what are they going to do with them?

Better save all the daylight you can. There's not much time left.

GOOD EVENING—Well, the Lima pastors are all back from their summer vacations, and we see where his satanic majesty is going to have a hard time again.

## OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

The next day the children, Captain Brave, Ladydeer, Mrs. Aar and Boob flew up to one of the summer pastures above the forest lands to spend the day with the herdsmen watching the cattle. You remember, the cattle and sheep are taken up the mountain sides to these green pastures for the summer months while hay is raised on the meadows

below to be fed to the animals during the long winter.

"It must be awfully tiring for the men watching the cattle," said Jack as the big plane carried them over the wood-covered mountain sides.

"They're too busy to get lonesome," said Mrs. Aar.

"Why, do they have anything to do besides watch the cattle to see that they don't wander away or get hurt?" asked Jane.

"You just wait and see," replied the widow lady.

And the children soon saw. There were about a dozen men around the little chalet built on the edge of the pasture. Three or four were watching the cattle as they ate. Four were sleeping in the little house. They were the ones who would watch the cattle when night

came—while the men working during the day went to sleep.

The other men were the cheese-makers.

"The cows must be brought to the chalet in the morning and at night to be milked. The milk is made into cheese. The cheese is stored away until the herd is brought down to the lowlands again in the fall," said Widow Aar.

Pigs were kept in one corner of the pasture, too. The waxy left from the cheese-making is good food for them, so they are raised without any cost.

The herdsmen all proved to be real nice men. They sang at their work guarding the cattle and making the cheese. Many of the cows were great pets and the herdsmen showed these the men.

One cow took delight in going behind one of the herdsmen and knocking his hat off.

"We have plenty of time to make friends with them all and it helps us to protect them against storms and other dangers," said Peter, one of the herdsmen.

"You see," he went on, "when we hear a storm coming down the mountain we walk around the cattle, talking quietly to them, to keep them from getting afraid. They know our voices and feel safe. If they were left alone when the thunder and lightning started they might start to run and would be killed by falling over the cliffs."

The children had arrived too late, of course, to see the herd brought in for the morning milking. But Widow Aar said they could wait for the evening milking and still get back to the valley before dark. During the day the children watched the cheese-makers at work, ate their fill of fresh cheese and drank all the milk they wanted.

## WARDEN HAS PLAN TO REDUCE AUTO THEFTS IN STATE

Penitentiary Chief Would  
Prevent Sale of Gasoline  
to Non-Owners of Cars

DETAILS ARE EXPLAINED

Thieves Would Have to  
Abandon Machines When  
Supply Gives Out

COLUMBUS, Sept. 11.—In order to reduce the large number of auto thefts reported to police, Warden P. E. Thomas, of the penitentiary has formulated a plan which he will present to Ohio legislators at their next meeting.

"By giving ownership cards, bearing the serial number of the engine, description of car and owner, to each car owner in Ohio and by licensing sellers of gasoline and compelling them to sell gasoline only to holders of ownership cards, the number of auto thefts would be greatly reduced," said Warden Thomas.

"The plan would not eliminate joy-riding but would certainly work a hardship on professional auto thieves," Warden Thomas predicted.

By making it a felony for gasoline dealers to sell to autoists not presenting an ownership card, auto thieves would not be able to proceed any appreciable distance with their stolen cars. The warden would make it unlawful to sell or trade an auto having the serial number of the engine defaced so as to make it unreadable. Should the car owner desire to send his chauffeur for gasoline, he would be required to send his ownership card with a note authorizing the sale to the chauffeur.

"The plan might work a slight inconvenience upon auto owners but I believe they would be willing to undergo that in order to obtain the protection afforded by the plan," said the warden.

During the first six months of the year, 123 young men were received at the reformatory at Mansfield and 14 were received at the penitentiary following their conviction for auto thefts. From these figures, Warden Thomas points out, it may be easily seen that the greater part of auto stealing is done by young men.

## THEATRE PARTIES

Quite a number of people entertained with box parties at the new Regent theatre, Thursday evening, the opening night. Among them, one particularly delightful one was a party of young girls, friends of Miss Constance De Kalb. Included were, Miss Rosemary Christen, Miss Louise Akerman, Miss Beatrice Renz, Miss Helen Scheusler, Miss Margaret Jones, Miss Helen Amatuz, with Miss Louise Wood as chaperone. They enjoyed refreshments in the tea room following the performance.

In another box were Mr. and Mrs. J. C. Lioneman, who had with them their house guests, Mrs. Hodgson and Miss Danforth, of Florida; Miss Mary Donforth, of Milwaukee and Mr. and Mrs. N. D. Kies.

Mr. and Mrs. Fred Curtis entertained in another box, Mr. and Mrs. Earnest C. Baird, Mr. and Mrs. I. W. Green, Miss Leah Hay and Jack Ramsey.

The M. S. Thompsons occupied a box including in their party being, Mrs. Harry Gayer, Mrs. C. F. Lufkin and Mr. and Mrs. Clem Thompson.

Mr. and Mrs. Frank Alliger, of Ft. Wayne, Indiana, are guests of Mr. Alliger's sister, Mrs. Frank Hoyt, of West Eureka street.

Miss Kathleen Malley, of the J. J. Wyre office, is spending her vacation of several weeks as the guest of friends in Chicago.

Miss Ada Ransbottom, daughter of Mr. and Mrs. A. L. Ransbottom, of North Jameson avenue, left Friday for Billings, Montana, where she will become the bride of Glen B. Ferrell, on Tuesday. Miss Ransbottom will stay with friends and relatives in Chicago until Sunday evening when she goes to Billings.

Mrs. G. Nagelsen, and son of West McKibben street, have gone to Piqua, to spend the week end with Mr. Nagelsen's mother, Mrs. H. Nagelsen.

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

## APPEALS CASE.

Clyde Oyer, operator of the Alger bus line today, appealed a case to common pleas court. Recently James Morris while a passenger on the bus line lost a suit case valued at \$28, it is understood. He sued Oyer for that amount and recovered it in justice court.

## SUIT IS HEARD.

Judge Klinger today started hearing the injunction suit of Lucius Perry against the Board of Education. Perry is seeking an injunction to keep the board from transferring him as janitor from the McKinley to the Irving school.

## DOCKET CALL MONDAY.

Judge Klinger today announced he will call the docket for Monday morning at 9 o'clock, where cases to be heard at September term of court will be assigned.

In the case of John McWiley against O. W. Miller, Judge Klinger overruled a motion for demurrer.

## DIVORCE IS GRANTED.

Elizabeth Brown was today granted a divorce from Ralph Brown on the grounds of gross neglect of duty. She was awarded the furniture as alimony, custody of the child, and \$10 a month for its support.

## Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen its functions naturally. If you have not tried them do so at once.

## NEW THEATRE HAS LARGE CROWD WHEN OPENED THURSDAY

Lima's new metropolitan motion picture theatre, the Regent, West Market street, opened auspiciously Thursday night, when two performances were given to packed houses.

The brilliantly lighted porticoes, the beautiful lobby and handsomely furnished auditorium presented a "first-night" scene that New Yorkers only enjoy more than occasionally.

The new amusement palace is in truth just what it is called, metropolitan in size and finish, and the exclamations of pleasure made by the public last evening assured the continued success of the theatre.

The new structure has every convenience, has incorporated into it every device for the projection of pictures in the best manner, and comfort for the visitor is not forgotten. A modern feature following the eastern idea, is a tea-room on the second floor, elaborately furnished, elaborately furnished.

### BOOK REAL PRODUCTIONS.

The new theatre is under the capable management of Frank Zane, who formerly managed a theatre on the South Side. He has made elaborate bookings of big pictures, some of those appearing soon being "Broken Blossoms," said to be even greater than "Hearts of the World," produced by David Wark Griffith; "His Majesty, the American," starring Doug Fairbanks; "Daddy Longlegs," and others of that calibre.

The new structure seats one less than 1,000, making it the largest theatre in town. The big pipe organ is a pleasing feature of the pro-

gram, the organist being Harry H. Husbands.

### THEATRE ORGANIZATION.

The new building is owned by the Shawnee Amusement Company, largely Lima capital, financed by the Elmer D. Webb Company. W. S. Butterfield, of Battle Creek, Mich., who has a wheel of movie and vaudeville houses, is largely interested. John Ebersohn, Chicago, was the architect.

### GIVE SUPPER.

An after-theatre supper was given stockholders and other guests at the Elks' home, followed by a dance.

## MOOSE TO START MEMBER DRIVE

Several hundred local members of the Lima Moose lodge attended a get-together meeting held Thursday night at their temporary lodge rooms on North Elizabeth street, for the purpose of outlining a new home membership drive. The membership is now 1,600, and the officers of the lodge and campaign chairman hope to raise that number by several thousand at the close of the campaign.

James J. Davis, supreme organizer of the Loyal Order of Moose and former director general, and Doc Waddell, press agent of the order, were in the city for the purpose of attending the meeting. They gave short addresses. Doc Waddell is a former well known circus advance and press agent, but for the past several years has been press agent for the Moose Lodge, one of the largest lodges in the world. "The present membership is past the million mark, and efforts are being made to reach the million mark by the first of the year."

### Anticipate Your Future Needs NOW

Practically our entire Fall stock was purchased early in the Spring and as the merchandise came in, it has been marked at prices which prevailed then. During the Summer, due to strikes in the textile mills and in cloak and suit factories, manufacturers had to pay more for labor and materials, as a result goods which we will reorder have in some cases advanced as high as 60%.

In order to give everyone of our customers the benefit of this forehanded purchasing, we will lay away any garment you may select upon the payment of a small deposit, and store it free of charge until you are ready to wear it. Anticipate your future needs now!

### YOU'LL APPRECIATE THESE Woolen Blankets ON COLD, NIPPY NIGHTS

Nothing like a good woolen blanket on your bed on cold nights, better still, nothing like a St. Marys Woolen Blanket, for they are made of soft, extra heavy wool. Large plaid patterns, broken plaids and in white and grey with the border in various colors. These blankets are first quality and perfect. Sizes 70x80 and 72x84. Special early prices—

## ASSASSINATION OF FORMER OFFICIAL, COSTARICO MYSTERY

Brother of Late President  
and One of Handsomest  
Men in Country

KNOWN AS FIGHTER

About to Leave His Home  
When He Met His  
Death

SANTA ROSA, Costa Rica, Sept. 11.—Assassination of Joaquin Timoro, late Minister of War and brother of former president Federico Timoro, on August 9, last, is still an unsolved mystery with indications that the slayer may never be brought to answer for his crime. The time which has elapsed since the tragedy has brought out a number of interesting facts in connection with it which never before have been told.

Joaquin was 39 years old, one of the handsomest men in Costa Rica, a quick shooter and courageous as a lion. He was tall and of athletic build, fond of horses and a member of one of the most distinguished families. He rarely went unarmed and had fought a number of duels. The widow of one of his adversaries, a lawyer he killed in a revolver fight a few years ago, sought to avenge her husband and fired five shots at Joaquin at the time of the assassination. Joaquin survived his wounds.

When on January 27, 1917, his brother Federico was elected Minister of War in the cabinet of President Alfredo Gonzalez, Joaquin became head of the government, Joaquin was given the war portfolio and thereupon it is said, became the real president of Costa Rica. For two years previously Joaquin had been fighting revolutionists and personal enemies, and when he became Minister of War he became still more energetic and aggressive.

About to Leave  
On the day before the assassina-

tion Joaquin went before the Costa Rican Congress and asked to be relieved as Vice President, a position he held by virtue of his cabinet post. At the same time his brother, the President, asked official permission to leave the country because of ill health.

## CHURCH OBSERVES 83RD ANNIVERSARY

OTTAWA, Sept. 12.—The following is a list of Continental teachers: J. H. Young, superintendent, Prof. Ross, principal Miss Slusser, Latin and English, Peters, Mathematics, Rosenberger, Domestic Science, Gilliothe, 8th grade, Millsbaugh, 7th, Rice, 6th, Parker, 5th, Bowen, 3rd, Wollam, 2nd, Hauck.

The 83rd anniversary of the Presbyterian church was celebrated this week at Columbus Grove.

Rev. Wyers has been employed as pastor of the C. B. church at Rushmore.

O. F. Campbell received \$3774 for 62 hogs at Pandora.

Gordon Jones has been discharged from U. S. service. There will be a reception for the returned soldiers at the Congregational church, September 28.

Benjamin Grey and Clifford Lawver have returned from overseas. On Monday the county commissioners Hy Little, F. Logan and Wm. Schlabachman will retire, to be

succeeded by H. Montooth, F. Gelsken, Jno. Deffenbaugh.

A number of new silos have been erected in the county.

Grover Davidson, superintendent of Pandora schools, combined business with pleasure, when he shot several fox squirrels, and bagged a number of chicken hawks. There is a bounty paid on the latter.

The largest attendance in six years, reported at Crawna college, this county.

S. P. Chase, Pandora raised a sunflower that measures 16 inches in diameter, and has approximately 3,710 seeds.

## HUNTER SHOT IN FACE BY ACCIDENT

ST. MARYS, Sept. 12.—Ferd Dearlaugh, of Jackson township, was accidentally shot in the face and head by a companion while hunting squirrels. Forty shot have been extracted by the attending surgeon. Dearlaugh was sitting under a tree, having become separated from other members of the party, when he was struck by the shot.

George Wm. Fledderjohann, aged forty years and five days, died at 1:00 a. m. today (Thursday) September 11, 1919, at his place of residence one mile south of St. Marys in St. Marys township. A boil formed on the right lung is the cause given

for the fatality. Mr. Fledderjohann was taken ill on Labor Day, Sept. 1, 1919.

Fred Magill, who since the fish hatchery at Lake St. Marys was placed in operation, has served efficiently as Superintendent, has tendered his resignation to the State Fish and Game division at Columbus, and today began his new duties as superintendent of St. Marys Memorial Park. Mr. Magill's duties will include the overseeing of the grading and clearing up of the park premises under the supervision of Architect O. H. Lurvey, of Dayton, and the local officers.

## "FLU" LEFT THIS MAN A NERVOUS RUN DOWN WRECK

Lima Railroad Man Was Weak, Nervous, Had No Appetite, Stomach Out of Order.

Now Praises the New Remedy, Dreco, For Splendid Relief

"I had the 'Flu' last year and it left me in a bad condition. My nerves were on edge. I couldn't sleep, had no appetite, bowels badly constipated, and in a general debilitated state," says Mr. Thos. Bragg of 131 South Jackson Street, Lima, O., a well known Pennsylvania Railroad mail and baggage man.

"My stomach troubled me greatly, and I seldom could eat breakfast, had a bad disagreeable taste in my mouth, my kidneys pained me all the time, had a dull aching feeling directly over them, and my limbs also ached. My nerves went to pieces so that what sleep I got was fitful and gave me little rest."

"I decided to try Dreco, as it was spoken of so highly here at home and it has surely done me a world of good. Really I am surprised myself at the improvement. My pains are gone, I sleep well, bowels act regular, bad taste in my mouth gone, and breath sweet. I feel like doing more work than ever before. Dreco is great and I heartily recommend it to everyone."

The good old time root and herb remedies are the best for the stomach, liver, kidneys, bladder, and the blood. Dreco is made from twelve different roots and herbs which act on the vital organs promptly, and in a pleasant manner.

Mr. Stout, the well known Dreco expert, has headquarters at Baldwin's Central Drug Store, to meet the local public and explain the merits of this great remedy. See him today.

Shortage in the season's apple crop has discouraged most of the cider-makers against starting their mills. None of the mills in this vicinity are

grinding. The crop is the least in more than 30 years, says a successful orchardist and truck gardener.

English scientists have decided that passing electricity through freshly cut timber makes it more resistant against decay and fungus growths.

## AMUSEMENT

## FAUROT—MARGUERITE CLARK

It is conceded that Marguerite Clark, the beautiful and talented Paramount star, is one of the most gifted screen actresses known to the American public. All of her portrayals are marked by exquisite artistry and she combines with her genius a personality of such winsome charm as to make her an ideal portrayer of dainty creations for the screen.

Miss Clark never has been better cast than as Gretchen in "The Goose Girl," a new edition of which is being presented at the Faurot today. "The Goose Girl" is a picturization of Harold MacGrath's famous novel, which made so great a hit several years ago. The support is excellent throughout, Monroe Salisbury appearing as King Frederick, Sydney Deane as the Prince Regent and E. N. Dunbar as the Grand Duke. Others in the cast are James Neill, J. Payton, P. E. Peters, Ernest Joy, Janz Darwell and others.

Other features of the program include Bruce Scenics, the Topical Digest and International Cartoons. Last times tonight.

## FAUROT—"KISS ME AGAIN"

"Kiss Me Again," the new musical success in which Frederick V. Bowers is starring, will be seen at the Faurot on Saturday afternoon and night. In this production special stress has been laid upon two factors—the comedy stimulant and the musical tone. As to the first, it may be said, that the vehicle affords a more convulsively funny plot than any this famous star has ever before privileged to appear in. It is comedy which is out of the beaten track and which is devoid of the hackneyed situations which mar so many musical shows. You can never imagine just what is coming next and the fun interest keeps tense to the very close of the show. As for the music, it may be said, that it is of the tuneful catchy sort which an audience finds itself humming and whistling as it picks its way out of the theatre after the show. Among the numbers which have proved especially popular are "Kiss Me Again," "If I Ever Get You," "Someone," "There's a Dear Little Girl in a Dear Little Town," "My Vampire Girl," "Sahara," "Love Me All The Time," "I Love That Tune," "If You Know What I Know," etc. Mr. Bowers will be well remembered for his great success in "His Bridal Night," "Kiss Me Again" already gives promise not only of duplicating that success, but of exceeding it. The best of musical comedy talent surrounds Mr. Bowers. Among the famous players in the company being Alma Youlin, Pierre Young, Mark Lindner, William De Vere, Frank Warner, Rose Kessner and others. There is a beautiful Peacock Alley chorus and everything that the lovers of the artistic might desire in the way of gorgeous costumes and brilliant scenic effects. It is strictly a big Broadway production.

## HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINORE, 516 Marcy Ave., Brooklyn, N. Y.

## ORPHEUM

The Orpheum bill this last half without a doubt the strongest bill ever offered at this popular house. Class stocks out with every act and the program is well balanced offering good singing, fine settings, clever dancing and excellent music.

"Girls Will Be Girls," Dwight Peabbles latest vaudeville creation with its pretty girls and tuneful music is one of the clearest and best miniature musical comedies seen here in some time. Florence Loraine as the sweetish cook kept the house in an uproar with her funny sayings.

Fennell and Tyson, put over their specialty of singing and dancing, the female member making some clever changes of costume.

Wheeler and Potter offer a novelty that drew much laughter and applause.

Charles Martin, the singing cowboy, made a big hit. So well did the audience like him he was recalled several times.

The Avondas are the best xylophone players ever heard at the Orpheum and scored a big hit.

All these acts certainly have the Keith stamp upon them and is a bill well worth while.

Sunday Sessue Hayakawa in "The Gray Horizon" his latest 5-reel feature will be shown in addition to all of the above vaudeville acts.

## AT THE LYRIC

Followers of the Louis Bennison brand of western hero will find Louis Bennison as a United States Marshal true to their impressions of him. As the hero of "High Pockets," Louis

Bennison will come to the Lyric theatre, beginning today and Saturday.

The story opens with the marshal's discovery of a murder committed under mysterious circumstances. In the course of his duties, the marshal has cause to suspect a band of cattle thieves, that he finds on the ranch of the murdered man's sister, as they are in the act of rebranding her cattle. He covers them with his gun and marches them to the county judge, where they are compelled to buy the steers they intended to steal.

The thieves then cause suspicion of the murder to fall upon "High Pockets" Henderson, the marshal, but he imprisons the sheriff and rides off to protect the girl from the hands of one of the gang.

Later the twin brother of the murdered man comes to town and "High Pockets" prepares to trap the thieves into a confession. He takes the twin brother to the dance hall hang-out of the gang; and when he enters the sweetheart of one of them, thinking the intruder a ghost in terror reveals the name of the murderer. With the

murder solved, "High Pockets" pursues his advantages with the girl to an unusual happy ending.

### 3. A. R. DECLARES ITS OPPOSITION TO PEACE TREATY

COLUMBUS, Sept. 12.—Resolutions opposing ratification by the United States of the peace treaty in its present form were adopted almost unanimously here today by delegates attending the annual encampment of the Grand Army of the Republic.

The resolutions were presented by Comrade Ketchum, of Indiana and were adopted after a debate lasting all morning. The chair ruled that the resolutions could not be acted upon because they were of a political nature. The convention overruled the chair and brought them to a vote. "Nearly every delegate voted in favor of them."

The veterans declared their action was not political, but in accordance with their policy for 100 per cent Americanism. They said they were opposed to engaging in any entangling alliances and were unwilling to sacrifice any degree of Americanism for the sake of the cause of nations.

There were loud cries of "no!" when a resolution was read proposing the consolidation of the C. A. R., the Spanish War Veterans and the American Legion. The resolution was referred to a committee and delegates said it would be voted down.

By unanimous vote a resolution was adopted declaring that "the Grand Army of the Republic shall live as long as one comrade remains upon this earth."

REDS HIT BY G. A. R. COLUMBUS, Sept. 12.—Disloyalty and everything tinged with un-Americanism were dealt stinging blows Thursday by the Grand Army of the Republic, which is holding its annual encampment here and by the Sons of Veterans in their annual reunion.

In his annual address, Commander in Chief Adams of the G. A. R. told his comrades "to shoot on the spot any one attempting to raise the red flag of anarchy in this country."

The Sons of Veterans adopted resolutions demanding one hundred per cent Americanism of all citizens and calling upon congress to provide necessary laws for the "deportation of unregenerate aliens and those who do not in good faith seek to become American citizens." They also called upon congress to make a thorough investigation of the causes of social unrest in this country and provide remedies which will restore peace and happiness.

and pledged themselves to oppose to the limit of their power and influence "all bolshevik movements and tendencies."

Atlantic City was selected for the 1920 encampment of the G. A. R., after a spirited battle on the floor between advocates of Colorado Springs and the Atlantic coast resort. Minneapolis also had a bid in for the encampment, but received little support.

### KENTON LOOKS AT LIMA FIRE TRUCK

A delegation from Kenton arrived in Lima this morning and spent the day in looking over apparatus of the local fire department. Kenton is contemplating the purchase of a new fire truck, and are very much pleased with those of Lima.

Fire Chief Mack took the delegation for a ride on the combination truck of House No. 1, and showed the trucks in the other stations. The delegation lunched at the Elks' home.

Just What She Needed. "I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. They did me a world of good and I will always speak a good word for them." mon-wed-tr

### TICKET PLAN HANDED JOLT

Lottery Law Necessitates a Change in Garry's Plan For Series Ducats

CINCINNATI, Sept. 11.—Federal law today made it necessary to change the plan for distribution of the world's series baseball reserved seat tickets in Cincinnati if the Reds are participants.

Under the original plan of allotting the tickets through the lottery system of drawing, as announced, the Cincinnati club's officials had come slightly within the scope of federal law, as it relates to tickets or prizes of chances.

August Herrmann, president of the Cincinnati club, was summoned to the federal building by First Assistant District United States Attorney James R. Clark and Postoffice Inspector Morgan Criswell, who explained to him just what was wrong under the law, with the original plan. The officials pointed out what alterations would have to be made, which Mr. Herrmann announced would be attended to at once.

"Under the change which Herrmann promised to make, everything will be all right," said Assistant District Attorney Clark.

"Everything has been satisfactorily arranged," Herrmann said. "There is ample time to make the changes in the club's plans."

### BREAKS ARM

Mrs. Catherine Green, 1032 North Summit street is at the city hospital with a broken arm the result of a fall which she received Thursday night. Mrs. Green had gone out on the back porch, and in the darkness did not see the chain which bound a small dog belonging to the family. She tripped over the chain, and fell to the ground. She was removed to the city hospital to have the injury cared for.

DeWeese for the past several months has been located in Ashtabula, where he managed a drug store.

### AUTO LEGISLATION

WASHINGTON, Sept. 12.—The house judiciary committee has directed Representative Dyer, Missouri to introduce a bill making the transportation of a stolen automobile in interstate commerce subject to \$5,000 fine and 5 years imprisonment. Concealment of a stolen car, in interstate movement would be subject to similar punishment. Formal action recommending passage of the law will be taken later by the committee.

### HIS NERVE FORCE SLOW TO RETURN AFTER THE "FLU"

But Nerv-Worth Soon "Made It Gain Every Day," Says James W. Kinell.

This well known resident of Greensburg, Pa., makes a statement here which a host of sufferers from flu after effects should promptly profit by. This is what he said a few days ago to Greensburg's Nerv-Worth druggist.

H. J. Weightman—I had a very severe attack of the "flu." It left me in a very nervous and weakened condition and I did not seem to be making any progress in restoring my nerve force and strength, until I took Nerv-Worth. Its use placed me on the way to recovery and I am gaining every day. I want to recommend it to others in the same condition.

JAMES W. KINELL, 213 Park St., Greensburg, Pa. Nerv-Worth whets the appetite, adds flesh, aids digestion, steadies and strengthens the nerves, rouses the liver, restores restful sleep banishes sick and nervous headache and other aches and pains, builds up run-down systems. If it does not do this for you, your dollar back.

Lima Nerv-Worth Drug Stores: Butler's, Main and Kibby; The Central, Main and High; Everybody's, Main and Vine; Hunter's Drug Stores.

The Central Drug Store sells Nerv-Worth at Versailles; Hutter's, Heavens; Central, Wapakoneta; Walworth's, Delos; Gasson's, Kenton; Powell's, Bellefontaine; Helt's, Sidney.

## MAIN EVENT TO MOHAWK

Look Five Heats to Decide 2:20 Trot—Two Horse Event Is Interesting

Although fields were very small, the big crowd at the Allen County Fair saw three entertaining contests Thursday afternoon, one of them unusual in that a two-horse race proved interesting.

The best event of the day was the 2:20 trot, which went five heats before a decision could be secured. Three horses had won heats when Starter Horner gave them the word the fourth heat and a local horse demonstrated his superiority by clinching the fourth and fifth rounds.

Lena Hart, a good going brown mare in the Simpson stable all the way from Jackson, Mich., won the first heat handily, but joggled lame when she came out for the second. Mohawk, a son of the old Lima station, Mobel, pulled off the second heat, Florence Hall, also owned in Lima, and driven by the home reinsman, "Doc" Vail, being the contender.

Vail, who had knocked on the door the first two heats, stepped in the lead the third heat and won in a sharp finish with Mohawk. The son of Mobel, however, was the best in the next two heats, winning without much effort, the fifth heat being merely a job in the slow time of 2:33 1-4. Lena Hart managed to save her distance the final heat, although dead lame and drew forth the sympathy of the big crowd.

2:15 Pace  
"Doc" Vail looked to have the 2:15 pace all salted away when he rode right out in front in the first two heats. Hazel B. tried hard both times, but could not catch Little Kay, but the third heat saw Little Kay make a break at the first turn, after which Vail wisely laid him away. He did not try again the fourth. Hazel B. winning easily from Joe Direct, a good-looking and good big horse, who was inclined to loaf. In the fifth, with the two heat winners racing it off, McGeath took no chances and kept his mare going from the word. Vail never had a chance to

### Two Horse Event

The Ace, Pardee Mitchell's good trotter from up Findlay way that has been beating a lot of crack half-milers all season, had an easy time of it in the 2:14 trot, in which the "field" consisted of one trotter, the Lima mare, Little Jean, the daughter of Cautucus the Great that has been a very consistent winner for two seasons. The big gelding made a break the second heat, but was trotting all the way in the third and fourth heats and won as he pleased. The time was exceptionally good, considering the track and the stiff wind which blew up the back stretch. It was an exceptional two-horse race and not a workout by any means.

"Jack" Horner again got them away in fine style and there were no complaints. The card was raced off in good time and the big crowd was happy.

### New King of the Home Run Swatters

Babe Ruth has no sense of news value. He had to pick out the day General Pershing returned to bust Puck Freeman's home-run record which had stood for a third of a century. And then he expected to get his picture in the papers. Anyhow, Babe did it. He selected one of Herb Thorman's curves as it approached him about knee-high and sent it into the right field stand at the Polo Grounds. That was his twenty-sixth home run of the season. Freeman made his record of twenty-five home runs in 1889 when he was a member of the Washington club, then in the National League.

Babe Ruth is the batting demon of

all time! The mighty club swingers of old have faded into memory, while big Babe of Boston is under the spotlight.

Ruth, by such experts as Clark Griffith, is styled the hardest hitter of all time, and Griffith can think back 30 years and recall them. Ruth has a peculiar habit of getting those long drives, too, when the Red Sox need them most. When he takes a toe hold the opposing pitcher owns a chilling feeling along his spinal column. Ruth is the demon slugger and he isn't expected to stop at 26 either. It would not surprise to see him lengthen his string of four-base clouts into 30 before Sept. 28 rolls around.

## FAIR BOARD MADE EFFORT

Those who have knocked because the race entries at the Allen County Fair this week were not extensive, better look around a bit before they get out their hammers for further use.

Looking over the dope it will be found that there are exactly 15 fairs in progress in Ohio this week. Next week there are but seven—and the same horses will make the racing at 15 fairs as will perform at seven next week. There you have it.

The local fair board was game. It sent Joe Gahagan up to Bowling Green to recruit starters for the 2:11 pace today and Joe came back with the goods. A race that otherwise would have had to be cancelled will be given this afternoon, weather permitting, always of course, and it cost the fair board a good big piece of change.

That kind of spirit will make the Allen County Fair in its racing department. Instead of knocking, we take our hats off to the board. Go to it, and give us some stakes next year!

### With The Boxers

NEW YORK, Sept. 12.—Billy Gibson has accepted terms for Benny Leonard to take part in two more bouts the early part of next month. In the first go Benny will take on Charley Metrie, the western lightweight, for ten rounds at Detroit, Mich., on October 1, while the second scrap will be with Bobbie Waugh, the lightweight, of Texas, for ten rounds at Ft. Worth on the night of October 9. Leonard is to receive a big guarantee for each fight.

Those two prominent colored heavyweights, Harry Willis and Joe Jeannette, the veteran fighter of Hoboken, are going to fight. They have just been booked up to meet in the star bout of eight rounds at the mid-week boxing show to be held by the Arhory A. A. of Jersey City of Thursday, September 18.

While the Reds really rested, the clan of McGraw hopped up and flattened the Cubs for a game.

Boy, believe us, they need all they can get.

Yes, and then a few more.

The Senators took a little shine off Cletch's shine pill yesterday.

Local race fans were given three good events for their money at the driving park Thursday.

That's fair enough. Get us? Boy, bring the blueprint!

Salth the Sage of Hawg Crick: "The more I see of some self-styled 'self made men,' the more I wonder why they did not cry for help."

Dick Kerr yesterday let the Washington's down without a run.

Gleason might say that's another game gone to the dogs.

From the price of tickets to the world's series, one might imagine he is buying a seat for the Dempsey-Willard go.

After so long a time Heinie Zimmerman has gotten what is coming to him.

That's about the first move McGraw ever made that will meet with the direct approbation of fans.

It was certainly a wild contest staged between the Reds and Piqua.

Cub Rookie Is a Holdout

BLOOMINGTON, Ill., Sept. 12.—Pitcher Tuck Turner, sold by Bloomington to the Chicago Cubs, has not reported to the Bruins, nor will he do so, he says, until he is paid a slice of the purchase money. Directors of the club say there is nothing doing and that Turner will be suspended if he fails to join the major team.

### FIGHTING IN EAST

PARIS, Sept. 12.—A Montenegrin official communication issued at Paris, says fighting continues fiercely throughout Montenegro against the Serbian invaders who have suffered severe losses. The Serbians have sent 15,000 reinforcements by way of Bosnia and Cattaro.

The communication complains of atrocities upon Montenegrin men and women.

### IT'S LONG SERIES

CINCINNATI, O., Sept. 12.—Nine games will be played in the world series baseball games this year, as against seven last year, August Herrmann, chairman of the national commission, announced today. Herrmann said a majority of the clubs of both the National and American leagues had ratified the recommendation that nine games be played.

### Pennant Dope

#### NATIONAL LEAGUE

If New York could win all of its remaining 16 games, then Cincinnati would have to win eight out of its remaining 18 games to retain the lead.

#### AMERICAN LEAGUE

If Cleveland could win all of its 15 remaining games the White Sox would have to win eight of their 14 games to retain the lead.

#### TURKS MAKE PROMISE

LONDON, Sept. 12.—Turkey has repudiated the message from President Wilson demanding that disorders in that country cease, declaring that all measures will be taken for the maintenance of order and security in Anatolia, according to a Constantinople dispatch to the Exchange Telegraph Company.

## SHOWERS MAR CIRCUIT CARD

Event For Amateur Drivers and 2:07 Pace Are Only Ones Raced Off

SYRACUSE, N. Y., Sept. 12.—Rain all but spoiled the Grand Circuit card at the State Fair track yesterday, a heavy shower falling shortly after noon which put the track out of commission, and it was 5 o'clock before the first race was called, a score of automobiles being used to "iron" the course out. The 2:07 pace on the regular Grand Circuit card and an event for amateur drivers were raced off and the other four races carried over until today when the balance of week's program of six professional and three amateur races will be raced off if the weather permits.

Edward P., which won a stake race here earlier in the week was backed from 3 to 1 to 1 to 2 in the handbooks for the 2:07 pace. He led in all three heats to the stretch, but tired in the heavy going, and Esther R., driven by Tom Murphy, won, this being the first winning race for that driver at the meeting. In the final heat Betty Blacklock, from the Geers stable and driven by Ben Walker, came fast at the finish and beat the Murphy mare the best.

## GOOD WEATHER, THO COOL, FOR LAST DAY OF ALLEN CO. FAIR

Good weather marked the last day of the Allen County Fair Friday, despite the sudden drop in temperature, which made overcoats very convenient in the morning.

The big feature of the final day was the five stock parade held around 11 o'clock, which was the most representative parade of the kind held here for many years. In fact this year's fair has eclipsed all others for so many years only the oldtimers can remember an equal.

Attendance records went by the boards Thursday, always the big day of any fair. The treasurer's department had to rush extra men to the gates and everyone who could be rounded up was put to selling or taking tickets. Exact figures were not available Friday, but it is believed that the paid attendance alone will run from 12,000 to 15,000. Membership tickets, privilege tickets, horsemen's badges and complimentary swelled the total attendance to larger figures.

Everyone connected with the fair conceded that the attendance Friday was far and beyond anything ever recorded. As a result of the great success of the fair this year it will take a new lease of life.

Friday's crowd ran true to fair form being an afternoon gathering only. The various departments all had big entries this year and the liberal action of the fair board in going right down in the treasury and giving all races, despite the shortage of horses, will mean much for the future success of the fair.

### PRESIDENT IN CINCINNATI

CINCINNATI, Sept. 12.—C. D. B. King, president-elect of Liberia, West Africa, arrived in Cincinnati today and called on Mayor John Gulvin at city hall. Mr. King said he came to this country to express his thanks to Washington for a loan recently consummated by which the United States has given \$5,000,000 credit to Liberia.

## DAYTON GRAND JURY INDICTS 37 UNDER PROFITEER CHARGES

DAYTON, Sept. 12.—Twenty-nine lumber dealers and eight ice cream dealers and manufacturers were charged in indictments returned today by the Montgomery county grand jury with violation of the Valentine anti-trust act in operating in restraint of trade and fixing prices.

Dealers indicted included men high in business, fraternal and social circles of the city. A plea of guilty was entered by M. J. Beeghly, vice president of the Dayton Ice Cream and Dairy company manufacturing ice cream who accepted service of the indictments in the grand jury room. Practically every lumber dealer in the city was indicted. Indictments followed an investigation of the Dayton Lumberman's Exchange, through which it is charged prices are fixed for all lumber bills. The alleged trust is said to have existed from August five, 1916 to the present time.

## Hoosier Coin On Sox to Win Goes Begging

INDIANAPOLIS, Sept. 12.—The White Sox to win the world's series! This appears to be the choice of the betting fraternity in Indianapolis if odds are to be considered in the reckoning. Even money has been posted on local betting boards all week that the Chicago Americans cop the title from the Cincinnati Reds, but the money goes begging. Today the Cincinnati backers were asking \$75 to \$100 on the chances of Reds, while the biggest bet of the day posted and taken was \$500 to \$400 that the White Sox win the series. One bet taken at \$100 even was that when the two teams faced each other in the opening game of the series the prevailing prices would be even money on the series.
